

ATOMIC ATTIRE

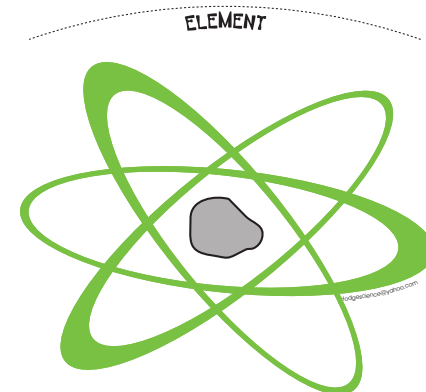

Students feature one element from the periodic table on an apron, shirt, or lab coat using permanent markers or fabric paint to complete the protons, electrons, and neutrons on the electron cloud model. The key is completed and additional information including the discoverer, year discovered, natural state, and uses for the element are identified and permanently painted onto the individualized, wearable project.

APRON - \$6

TEE - \$5

LAB COAT - \$25
